ACM-2056 SETUP GUIDE

Using either the CD that comes with your equipment or if you downloaded an installation file from our website please note, that this is correct procedure to install and use the AKTAKOM ACM-2056 or ACM-2353 clamp meter application software.

1. Setting up the Driver in your PC. Please do not connect the USB device yet.

   The driver will allow your computer to recognize the USB or USB wireless device so you can communicate in both directions using the AKTAKOM application software.
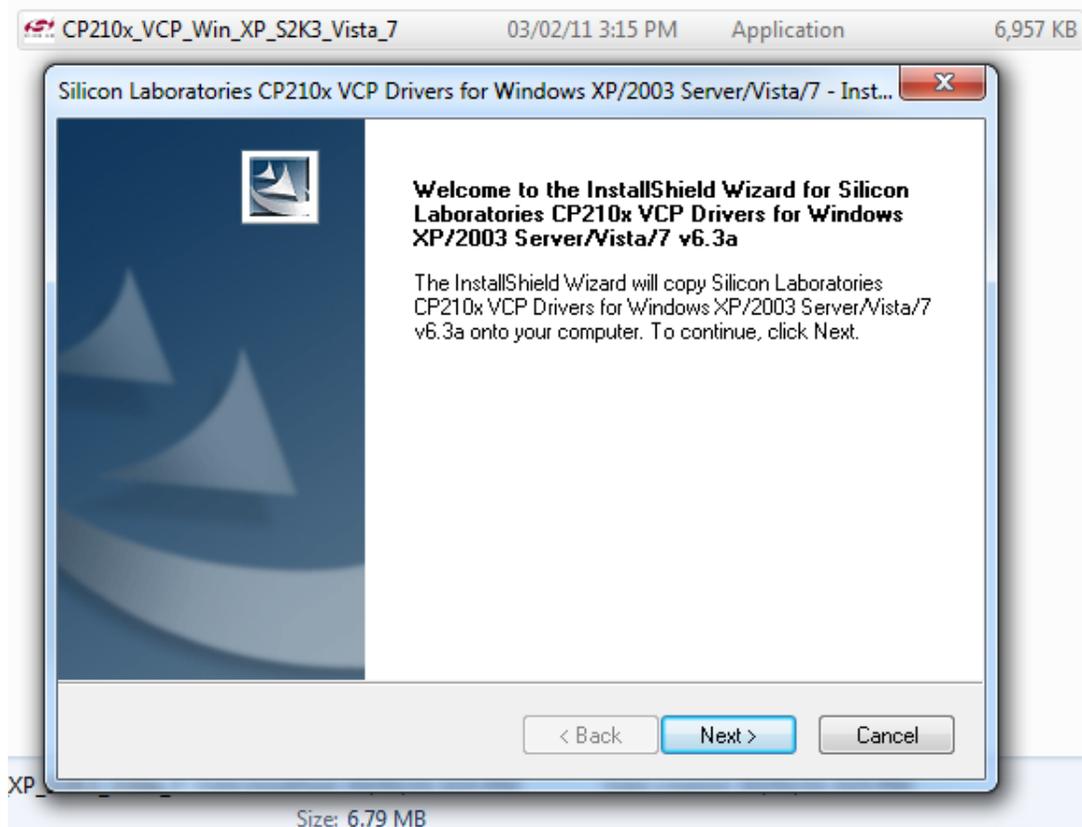

AKTAKOM ACM-2056 or ACM-2353 driver installs:

   Double click the CP210x_VCP_Win_XP_S2K3_Vista_7.exe driver file.

   Now click to run the driver in to your computer then NEXT and please agree with the end user license agreement.
